

Airport 140 lbs David Taylor

I just wanted to take a moment to let you know that my wrestler David Taylor recovered from his injury well over the last 24 hours. He slowly gained feeling back to his legs and hands and was able to walk a little today. The neurologist informed him that he has some concerning swelling in the spine and will need to remain in the hospital under constant surveillance until he is able to respond with his right leg better. (His right leg was slower responding then his left.)
